Patrick Kwok  
Julia Miller

**SOLANO COUNTY**

John F. Silva

**SONOMA COUNTY**

Tim Smith  
Pamela Torliatt

Jack P. Broadbent  
EXECUTIVE OFFICER/APCO

---

The Bay Area Air Quality Management District (the "District") is a local agency that regulates stationary sources of air pollution such as factories, industrial sites, and gasoline stations.

Whenever we receive a permit application for a new or modified source(s) of toxic air contaminants located within 1,000 feet of a school site, State law requires that we notify the public. To comply with this requirement, we distribute or mail a Public Notice to the parents or guardians of students enrolled at schools located within ¼ mile, and all residents and businesses located within 1,000 feet, of the proposed source. Although the proposed source is within 1,000 feet of Emery Middle School, located at 1275 61<sup>st</sup> Street, Emeryville, the school is currently closed and notices will, therefore, be distributed only to residents and businesses located within 1,000 feet, of the proposed source.

You are receiving this Public Notice because a permit application has been filed with the District for the above referenced source(s) of air pollution. A description of the proposed project follows:

Coffee Roaster, Jabez Burns, 4-Bag Roaster, 900,000 Btu/hr., fired exclusively on Natural Gas, abated by A-4 Afterburner

**The District has determined that this project will not trigger a toxic risk screening analysis since emissions of toxic compounds from the roasting process are below the toxic risk screening trigger levels. This project will comply with all other applicable air pollution control requirements. Accordingly, the District plans to issue a Permit to Operate for the proposed project.**

If you are interested in getting more information on the District's evaluation of this proposed project, you may request copies of the applicable staff report(s) by calling the District at the telephone number listed at the end of this notice. This information also can be viewed or downloaded from the District website at:

[http://www.baaqmd.gov/pmt/public\\_notices/2004/index.asp](http://www.baaqmd.gov/pmt/public_notices/2004/index.asp)

#### PUBLIC COMMENT PERIOD

**There is a 30-day period for public response to this proposal. If you wish to comment on the proposed project, you may do so in writing or by e-mail. Alternatively, you may call and leave a telephone message up to one minute in length. Please leave your name and telephone number so that a District staff member may respond to your message.**

Please use the following contact information if you would like to comment on the proposed project:

Mailing address:      McLaughlin Coffee Company  
                             BAAQMD  
                             Engineering Division  
                             939 Ellis Street  
                             San Francisco, CA 94109  
                             Attn: Craig Ullery

E-mail address:      [cullery@baaqmd.gov](mailto:cullery@baaqmd.gov)

Telephone Number:   (415) 749-5007

The public comment period for this project ends July 3, 2004.
